

Kulu Bay Resort ... *the Ultimate Escape*

Beqa Island, Fiji

From the exotic island of Fiji comes a newly constructed, luxury resort: Kulu Bay Resort, which opened in June 2004. Kulu Bay Resort is located on the secluded Beqa island of Fiji adjacent to Beqa Lagoon, the "Soft Coral Capital of the World".

Luxuriate in one of seven beachfront bures and enjoy the white sandy beach all less than ten steps from the water. Experience the ultimate in diving, snorkeling, and watersports coupled with luxurious accommodations and scrumptious cuisine.

Each exclusive bure is identical with over 1000 square feet, two full bathrooms, master suite and separate living room. The master suite has a king size bed and master bath with large walk in shower and large soaking tub for two. The living room has double doors onto the beach and each bure has a wraparound private deck with 600 square feet for additional relaxation.

Kulu Bay Resort offers a multitude of activities and experiences. Activities include but are not limited to: scuba diving, snorkeling, kayaking, swimming, hiking, jet skis, jet boat, massages, village visits, kava ceremony, cultural exhibitions, etc.

At Kulu Bay Resort, solar power is used to maintain the tranquility of paradise. We offer affordable luxury and the amenities of a 5 star resort. As an outer island resort, we can provide the peaceful serenity that can only be found away from the mainland.
